**Address:** 77 West Jackson Blvd (SR-6J), Chicago, IL 60604

**Telephone Number:** 312 353 9685

---

## Interview Questions

**1. What is your relationship to the site?**

I am the Remedial Project Manager with U.S. EPA for this site. U.S. EPA is serving in the support role for this site with Illinois EPA in the lead role.

**2. What is your overall impression of the final remedy for the site? Is the remedy functioning as intended?**

The remedy appears to be functioning as intended based on the last Five Year Review, however, effective institutional controls need to be put in place.

**3. Do you feel well informed about the site's activities and progress?**

I do.

**4. What effect(s) has the site had on the surrounding community?**

The site is located in a primarily industrial area. There is a residential area north of the site.

**5. Are you aware of any community concerns regarding the site?**

I am not.

- 6. Are you aware of any events, incidents, or activities at the site such as vandalism, trespassing, or emergency responses from local authorities? If so, please give details.**

I am not.

- 7. Do you have any comments, suggestions, or recommendations regarding the site's ongoing management or operation?**

I am concerned with the overgrown vegetation at the site. If left as is, I'm concerned it may affect the cap in the future.

- 8. What does the monitoring data show? Are there trends that show contaminant levels are increasing or decreasing?**

The conclusion from the last Five Year Review was that the concentrations of contaminants were less in the downgradient wells than in the upgradient wells.

- 9. Are you aware of any changes in the operations and maintenance (O & M) requirements, maintenance schedule, or sampling routine in the last five years? If so, do they affect the protectiveness of the remedy?**

I'm not aware of any changes.

- 10. Have there been unexpected difficulties or costs at the site since the last Five-Year Review? If so, please give details.**

This appears to be a question for the PRPs.

- 11. Have the O & M or sampling efforts been optimized? Please elaborate.**

This appears to be a question for the PRPs.

- 12. Are you aware of any plans to change site usage in the future?**

I am not.

- 13. Do you have any comments, suggestions, or recommendations regarding the site in general?**

Again, I'm concerned with the overgrown vegetation and potential impacts on the cap.
